Product Description

This nail, originally made to the specifications of the early producers of hardboard siding, now has a multitude of other uses with other types of siding, trim, fencing, decking, etc. It's a great all-around nail. Extra stiff shank for easy driving. Self-seating head. STORMGUARD® Double Hot-Dip Galvanized. Refer to wood siding box nails for specifications requiring a larger diameter head.

Disclaimer: This image represents an entire series of nails, so the length may not be the exact match to the nail in this spec sheet
